It would not be an extraordinary thing if it should develop that the anti-Roosevelt element will try to have the convention located in New York or Philadelphia, while the Roosevelt people and Taft people to a lesser degree may insist on a Western city as the location of the convention.

Once again, I am moved to ask: "Did you say or did you not say what I said you said. Because it is said you said you never said what I said you said. Now if you did say that you did not say what I said you said, then what did you say?"

**TIRED AND SICK YET MUST WORK**

"Man may work from sun to sun but woman's work is never done." In order to keep the home neat and pretty, the children well dressed and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

**Lydia E. Pinkham's Vegetable Compound** keeps the feminine organism in a strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—"For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides. I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

**Mrs. Pinkham's Invitation to Women** Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em'—yes—a wiggle, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tape-worm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers." Chas. Blackstock, 129 Divinity Place, West Philadelphia, Pa.

**NOTICE---ROBERVAL.**

The Kentucky Breeding Bureau recently sent to Mr. W. H. Rice, Maysville, Mason county, Ky., the thoroughbred stallion Roberval, whose services will be donated to the people of this section. The Bureau was organized several weeks ago in order to help improve the general class of horse stock of the state. To that end it is purchasing thoroughbred stallions of such size, conformation and temperament as will produce excellent general purpose horses when bred to the common farm mares of those sections to which they are sent. So far as the Bureau is concerned the services of these stallions are donated absolutely free to the people of the state, as the Bureau receives no monetary return, directly or indirectly, from them. A service fee of \$10 is charged, which goes in full to the men in whose care the stallions are placed, in order to recompense them for their expense and trouble. The Bureau has thus far sent out 35 horses. They have been placed in all sections of Kentucky, from Ballard, McCracken and Union counties in the West, to Carter and Powell in the East; from Owen, Breckinridge, Henderson and Gallatin counties in the North to Trigg, Warren, Russell, Clinton, Metcalfe and Laurel counties in the South. ROBERVAL is a splendid bay horse, 8 years old, by Blue Devil, dam Becky Sharp by Bel Del Rey. He was recently bought by a representative of the Breeding Bureau as one of the best horses to be found in America to fulfill the purposes in mind. He is just out of training, but when in stud condition he will stand right at 16 hands high and will weigh 1,200 pounds. He has fine bone, ample substance, and yet all the quality characteristic of the thoroughbred, combined with the size necessary to secure the best possible results in producing an excellent type of the general purpose horse from common farm mares. He will be on exhibition at Mr. Rice's place and should be visited by every man in this vicinity who is interested in horses. He should prove of genuine benefit in the improvement of the class of stock of this section.

GREW MISS CARROLL'S HAIR

AND WE CAN

**PROVE IT**

**Beautiful Hair At Small Cost.**

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

**Dr. Knowlton's DANDERINE**

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

### Correspondence

SPRINGDALE.

Mrs. B. F. Hook is quite ill at her home in the East End.

Mr. Alozo Meyer, a member of the Tenth Kentucky Cavalry, after a ninety days sojourn at Hot Springs, Ark., is here visiting friends and comrades of the long ago before returning to his home in Garden City, Mo.

### BOGGS.

F. P. Tully was over from Manchester Sunday.

Mr. and Mrs. Grover Hoard have taken up their abode in Vanceburg.

Mr. and J. P. Nash of Maysville visited relatives here last Sunday.

F. C. McCarahan of Cincinnati, visited home folks here Sunday. Frank is one of our boys who is mounting higher and higher, so far as worldly position and success is concerned. He now holds a good position with the Bill Board Publishing Co. of Cincinnati and is soon to be transferred to Chicago with an increase of salary.

### FEARIS.

Spring is here again.

Thermometer went up to 84° Monday.

Farmers are now hustling to catch up.

Richard Woodrum of West Virginia is visiting the family of R. W. Higgins.

J. B. Bradley of Tollesboro was here last week surveying for W. H. Sparks.

Too much rain last week prevented several farmers about here from planting corn.

Miss Jessie Irma, daughter of ex-Esq. R. W. Higgins, who has been very sick for about a year, died Wednesday the 24th inst. Remains were interred at the East Fork Cemetery on Thursday at 2 p. m.

All you distinguished G. A. R. comrades would better attend the regular meeting of Croxton Post here Saturday, May 4th, 2 p. m. if you are interested in Memorial Day and the Department Encampment in Louisville May 14th and 15th.

Corn is King—selling at 75c per bushel. Hay is hay—\$26 per ton. Potatoes too high to eat—\$1.26 per bushel. Too little supply and more demand are main cause for high prices. Just wait and see the re-action come when W. J. B. and the reformers take hold and knock the front figures off of such prices.

Mr. George C. Reis and Miss Jessie Sullivan were married Wednesday at Vanceburg.

Newton P. Richardson has been appointed Postmaster at Nisi, Fleming county.

G. W. Suiter of Gallipolis, O., is to assume management of the Carter House at Vanceburg May 9th.

A firm of architects of Columbus, Ohio, have been employed by the First National Bank to prepare plans for the new Bank building, which will occupy the site of the Cooper Building in West Second street.

### CHURCHES UNITE

Northern and Southern Presbyterians Get Together at Mt. Sterling

The Southern and Northern Presbyterian Churches in Mt. Sterling have consolidated, and will worship under one roof hereafter.

This is the first consolidation of the Churches ever made in the state and was brought about by the Rev. Graddison Smith, of Richmond.

The Pastors of both Churches will resign and a new Pastor chosen for one congregation.

The new Church will be a strong organization.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

We invite comparison—see what the other has and then look at ours.

### A FATAL MISTAKE.

Is Often Made by the Wisest of Maysville People.

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney ills. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes—Bright's disease. Read what a Maysville citizen says: James D. Tolle, clerk at Wood Bros., meat market, and living at 117 Short street, Maysville, Ky., says:

"I was troubled a great deal for some time with constant heavy pain in the small of my back and over the kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened and passages of the secretions were too frequent. There was also a burning sensation at times. Hearing of Doan's Kidney Pills I began using them and finding great benefit continued their use until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never had the least bit of suffering from my back or kidneys since. I give all the credit to Doan's Kidney Pills and feel justified in strongly recommending them to others."

For sale by all dealers. Price 50 cents a box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
